Cunliffe is Professor of European Archaeology at Oxford, so he knows the archeological record well and he discusses various sites that are representative of the areas Pytheas visited. And then, the point of no return (for me anyway). But the most disturbing similarity of them all is that it matches a murder thirty years earlier in which Inspector Adamsberg's older brother was convicted for the crime. It was just what I needed and was a very affordable tool that helped me pass the test for the course. He took his punishment quietly and with many apologies to everyone.

A restless heart... Ruggedly sexy bull rider Caleb Hart is a proud of his carefree lifestyle. She is such a fantastic writer, she pulls you into the story With her. Makes me wonder how much of this text has been screwed up. It is entertaining, no doubt, but something tells me the sci-fi crowd will appreciate it more than the mystery crowd. It was written in the 1800s, so the language is dated and flowery, but you just have to hang in there to get the story after the setting is established. It's a good story just the language a problem.
